

Aug 5. 9 - p.m. - 4 Coast-time,
My dear Lilian, I'm delightfull
to find three letters & your
Cards here on my return
from every day in the Country.
& I do so appreciate your
kindness & that fullness &
as I said in former letter,
you girls have done enough
for me, & everything suits
the occasion. Your scarf
Lill has been well used.
I think I wrote told him we
spent Sunday. Monday was
Bank Holiday. We & the
Pugsley went to Beach resort -
& the Beach looks so much
like one of the Cards you sent
me Lill. We took train right

after dinner, I strolled on
Beach until Tea Time, watched
the Bathing, I intended going in
too, but it turned so cold. I didn't

want to take any risk, for
first time, we had Tea as
usual, every body place was
crowded. This was beautiful
place. Alpacante was terribly
crowded so we didn't go there,
that is more like Seaside, only
of course Seaside is just
a miniature, in comparison.
I will explain more about
the Beaches on our return.

Yesterday Dad & I went to Town
after weeding the Garden
(good thing there is a Garden)
we visited the big Church, and
lot of visitors comes there

registered from Michigan. also
Dad Harry to arrange for today.
Last night of Country visited as
he is very nice, that's the one
who attends Aunt Bessie's business.
Sunday we met another Dad's
Cousin H. Gendell, & we are going
there for tea & Saturday afternoon.
They are very nice. All the Gendell
are very fine people, well off.
& all Church workers, the Gers
also. to see fine. There is never
call River Gers runs thro' part
of town - & hotel, Gers Vale -
City, Gersville, & other Gers' no
relation, but I think they must
have been from some root -
some time. This part of Country
figures so much in the wars.
in middle age. Dad visited the

Church, where Thomas a Becket -
was buried. So till we are getting
your letter right along along the
paper for which we are very
thankfull. I guess we will have
Damon's son Dad gets money
from you, it has taken so
much while we are here, things
are so much higher than
formerly. & Dad is so restless
has to be going somewhere so
we will leave for Sheffield
soon we hear from you. &
you can write there, then
to Brad - then to Miss - so
you will know about where
your letter gets here -
What ever you do, I will
come back to you some day
Dad & I may not - not like
Aunt - Bessie, & then it goes to

you children, I know several
things we can give her when
I go home, for one, has said
anything about Mr. & Mrs. Luce.
Will tell you are having busy
time, I am anxious to know
all about Lome, I sure send
snaps to us & Aunt Bessie
as I suppose - we will be
gone time if you answer
this, or send to Sheffield
I wish I had brought pictures
along. I would you see having
such nice time with Dr. &
wife, I wish that you listening
to Adey every evening. Give our
kindest regards to ^{Mr.} Mr. Miller
& family. I heard from Mrs.
Stockwell, she is anxious to
see me & will come to Detroit
if possible when we are there

she is in Saginaw at present.
I don't write her yet, so
please ^{send} some of mail to her.
I think every day I will write,
I'm glad she can get away
for change. I think she would
write home, maybe she will yet.
I'm glad she can go bathing,
D. suggested she try it. get-
her hardened for winter. Guess
I don't see to Forsythe yet, &
we have two or three other Gyps
planned. which I will write about
later. I will write for the
Church ladies yesterday. I must
answer them soon, with a card.
We have many funny things to
tell you. I must write
few lines to Mabel - & then to
bed - at 10. p.m. rather late for me
(really sleep production) I ask Dad
love Mother & Dad
