My dear Children, We are getting to
the end of our trip, & have
enjoyed it all the way, Dad was
little upset when we started but
feeling fine now, I think he
was nerve tired, so much work
too before leaving, & traveling long
I am not resting very good
& had to fill up blank again
on Dad, least - turning upset him
& he was so terribly blue & instead
he had never stable, but now he
has had chance to rest up -
sleeps well, eats well, &
lots of walking. he is real

folly. play but just deal soon. We
walk about - mile after each
meal - take nap in afternoon, then
watch the dancing. The music is
put around side of deck at night
& colored light lit & all the young
& old put on their pretty dresses.
It looks so very pretty, you would
think you were in hotel ball
room, to look in. Sunday we
had fine sermon - Episcopal
service used, & Rehearsal led
Singing was beautiful & such
heartly singing, & nearly every one
was at one of Churches, Protestant
or Catholic. Sunday night -
