My Dear Uncle and all.

Hope you had a pleasant journey and that you are all feeling well. I've written three times to you and had no reply. I think you can't have got my letters.

We are having glorious weather so you will be able to get about and see England at its best.

I'm going back to Kates on Monday so I can be home whilst Kate and George go to Bournemouth for their holiday.

And then I hope you will come and some time with us before you return to U.S.A.

It will be lovely to see you again and I know we shall have some nice times together.

hoping to hear from you soon and looking forward to seeing you all soon best love to all from

Your Ever loving Niece Annie
